DEMONSTRATION OF INTERNATIONAL 15-30 TRACTOR THURSDAY

One of the first demonstrations of large tractors in Maricopa county will be held all day today on the Dr. Chandler place, one mile and a half northeast of Mesa, when the International 15-30 tractor, otherwise known as the "Big Brother of the Titan 16-20" will give farmers of the Salt River valley an exhibition of its value in farming. The International is handled in both Phoenix and Mesa by the O. S. Stapley company.

The tractor demonstration will begin at 10 o'clock in the morning and continue until 5 o'clock, that afternoon. Practically all the uses the mammoth tractor can be put to, under many conditions, will be demonstrated. An invitation has been extended to everybody to attend.

The International is one of the large models of tractors made in the United States. It has a four-cylinder engine which develops 15-horsepower at the crankshaft and 30 at the belt, with a speed of 27 1/2 revolutions a minute. Either kerosene or distillate may be used as fuel.

FIVE INJURED WHEN CARS LEAVE TRACK

Seven persons were injured, none seriously, when a Southern Pacific passenger train was derailed at 2:30 a. m. yesterday morning, between Piedra and Theba, near Gila Bend, according to a report made by a board of inquiry. Five cars left the track while the train was going at a rate of 40 miles an hour. One of the injured passengers, Mrs. Hyde, was en route from Long Beach to Phoenix. All the injured were attended by a physician from Gila Bend.

DANCE FRIDAY NIGHT AT COUNTRY CLUB

The initial dance of the season will take place Friday evening at the Country club when an affair will be given for the benefit of the Belgian Relief fund. The event will mark the formal opening of the season and will be in a measure a celebration as the only social function of note since the signing

of the armistice and the lifting of the ban against the influenza epidemic. Mrs. Sims Big, Jr., who has acted as chairman of the Belgian relief here, is to be assisted by a group of well known matrons who are determined to make the affair a financial as well as a social success.

FOUND GUILTY OF ASSAULT ON OFFICER

After deliberating fifteen minutes, a jury in Judge Stanford's court yesterday found Charles Harris guilty of assault with intent to commit great bodily harm on Lew Mickey, a police officer. When the court announced sentence would be passed at 9:30 o'clock Friday morning, Hubert Clark, counsel for Harris, gave notice of appeal.

No defense was offered in the case, counsel for defense claiming that only legal questions were involved. He asked the court for an instructed verdict, the motion being denied. Clark held that the officer had no right to make an arrest on a misdemeanor charge without a warrant when the act was not committed in his presence. He held that Harris was in his rights when he resisted the arresting officer. Harris, who was in the navy, came here last summer on a furlough. He was noticed frequently with a notorious woman and Mickey was detailed to watch a certain house on North First avenue, which was reported frequented by Harris and the woman. He arrested them on the charge of violating a city vice ordinance.

DIDN'T LIKE WEST, SO DESERTED HUSBAND

Credulity of the west—the country and its people—caused Mrs. Lydia N. Homan to desert her husband, Frank L. Homan, according to the mining man's testimony on the witness stand in Judge Lyman's court yesterday. The defendant in the divorce action journeyed from cultured Massachusetts to Douglas to marry the plaintiff, and after a few months found conditions so intolerable that she left her new home. To forget the "queer" men and women with whom she had been forced to associate in Arizona, Mrs. Homan traveled for a year or more, touring the world. She recently returned to New England where the manners and customs are more to her liking than those of the border state.

The Homans were married in 1914, and early in 1915 Mrs. Homan started on her travels. She has never returned to this section of the country. Upon Homan's filing an affidavit to the effect that Mrs. Homan is not in military service nor with the Red Cross, he will be given a decree.

GUARANTEED WHEAT PRICES TO STAND UNTIL JUNE, 1920

The guaranteed price of wheat for the 1919 crop stands by the terms of the Lever act, under which the United States food administration is operating, until June 1, 1920. This statement, of more than ordinary interest to the wheat growers of the Salt River valley and Arizona in general, was made yesterday by the federal food administration for Arizona.

The president's proclamation of September 2, 1918, stated that the "producers of wheat within the United States . . . for the crop of 1919" are guaranteed the prices therein set forth, \$2.25 per bushel at Chicago, and the end of the war or the proclamation of peace does not in any way affect this guarantee.

Section 24 of the Lever act says: "That the provisions of this act shall cease to be in effect when the existing state of war between the United States and Germany shall have terminated, and the fact and date of such termination shall be ascertained and proclaimed by the president; but the termination of this act shall not affect any act done, or any obligation accruing or accrued, etc." It is this last clause above quoted, and the further statement that "all rights or liabilities under this act, arising before its termination, shall continue and may be enforced in the same manner as if the act had not terminated" that makes good the guarantee for the 1919 wheat crop until June 1, 1920.

MARINE RECRUITING TO PRE-WAR BASIS

Sergeant Orville Gildow is in receipt of orders authorizing the enlistment of men in the marine corps on a pre-war basis. Men between the ages of 18-35 years, inclusive, are eligible for enlistment without permission or notification of the local board. As a great many men already in active service desire to re-enlist, they of course will be given the preference over the civilian recruits.

"As the marines have always been considered Uncle Sam's police force, they will play a very important part in the policing of Europe, on both land and sea," Sergeant Gildow says. "The general military training that the marines receive, covering practically every feature, both the army and navy training, coupled with their many duties in very nearly every part of the world, make it a very desirable branch of service for the young American who craves travel and adventure."

Try our Supperette, at Donofrio's from 6 to 8 p. m. 50c.—Adv. 11

WASHINGTON, Dec. 10.—Pay of telegraphers is not to be reduced under the recent wage order, railroad administration officials explained today. Application for further increase in wages is being considered.

ADVERTISE PHOENIX IN MAILING SLIPS

The Phoenix chamber of commerce has prepared a large number of small printed slips telling some of the vital facts about Phoenix and Maricopa county, which will be distributed to merchants and citizens of Phoenix who will mail them out with their regular business mail to outside points. The slips read, in part, as follows:

PHOENIX
The capital of Arizona and county seat of Maricopa county, is the largest city between El Paso and Los Angeles. Railroads: Two lines connect with the trans-continental line of the Santa Fe and the Southern Pacific. Hotels: Phoenix has three large, modern hotels; the largest has 250 rooms. There are also a number of smaller ones, and also several rooming houses. Garages: Fourteen garages and other service stations and accessory houses take care of the needs of the automobile traveling public. Public Buildings: The state capitol

cost \$1,000,000, was built of native stone and is located in one of the finest parks in the southwest. The federal building cost \$172,000; the Y. M. C. A. cost \$150,000, and many others.

The school system is second to none. The high school group cost \$250,000. Nearly 5,000 pupils attend the graded and grammar schools in modern buildings and under the direction of a most efficient force of trained teachers.

For further particulars regarding Phoenix, the Salt River Valley, or the roads leading out, address: Phoenix Chamber of Commerce, H. W. Asbury, President, Harry Welch, Secretary.

Big Auction Today. 300 head of stock, farming implements and household goods. Free lunch at noon. Sale starts 10:30 a. m., 4 miles west of Fair Grounds, Geo. Brown, owner.—Adv. 11
